If You Need a Medicine You Should Have the Best

Have you ever btopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon for-gotten? The reason is plain—the arti-cle did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excel-lent results, as many of my customers testify. No other kidney remedy has

so large a sale." According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfils almost every wish in overcoming kidney, liver and bladder allments, corrects urinary troubles and neutral ises the uric acid which causes rheu-matism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this, paper. Large and medium size bottles for sale at all drug stores.
